**\* If you were an animal, which one would you be and why?**

An eagle. Soaring over the mountains and prairies would be thrilling.

**\* Would you rather have the ability to fly or the ability to breathe under water?**

Guess I better be an eagle that flies.

**\* Are you a Cat or Dog person and why?**

Cats rule, Dogs drool. We've had both but being a spoiled only child I always bonded more with the self centered cats!

**\* If you could switch places for one day with anyone in the world, who would it be and why?**

My wife, Jodi. Everyone loves her and I believe I could learn a lot about my strengths (or lack of them) by watching me through her eyes. If I had to pick someone else how about Dick Cheney. The only man in America that can shoot a lawyer and get away with it!

**\* If you could have all the talent in the world to do a job that was for sheer enjoyment, what would you be doing (besides what your current job)?**

I'd love to be an adventure tour guide. Think of all the places you would go and the excitement that every day would bring.

**\* What was the first concert you ever went to?**

OK, consider me dated. James Taylor, 1969.

**\* Do you sing in the shower? Yes. If so, what is your favorite song to perform?**

Nope, not allowed. If it was I'd be proud to sing the KU fight song!

**\* If you were stuck on a deserted island for ONE year with 2 people, who would they be and why?**

Jodi, sorry to stick you on a deserted island but you've got to be there. Number two, my grandfather. One year might not be enough time to catch him up on my life. Plus, he'd finally get to meet Jodi and hear about his great grandchildren. I'd sign up today if that could happen.
